

Dear {Club Chairman / Youth Coordinator}

Greeting 1 – Thank you for your time when we met earlier this month

Greeting 2 – Thank you for your time on the phone earlier

Children are still facing academic challenges caused by the Covid-19 pandemic. Balancing their academic, emotional and physical needs now, is as difficult as it has ever been.

### **Support for your players and your club**

**School is Easy** is a local in-home academic tuition provider. We work with families in the community, to help reduce the academic stress our children feel and guide them to reaching their potential. A significant part of the work we do, is partnering with local sports clubs. Our aim is to help children enjoy their sporting activities, without the pressure of school and exams weighing them down. School is Easy would like to partner with {XYZ Sports Club} to provide academic support for your youth members, whilst generating funds for your club.

**For every child that receives our tutoring services, we will provide a rebate to your organization.**

### **Happy, confident players**

School is Easy believes every child deserves to be the hero of their own story, whether that's on the sports field or in the classroom. We understand how fundamental it is for parents and coaches to see children grow, with the confidence that academic and sporting achievement provides.

### **Tap into their potential**

At School is Easy every child is a hero, regardless of their background or ability. Our team of amazing tutors provides personalized one-to-one academic support for your club members whenever they need it, giving them the freedom to enjoy sports without worrying about school.

To help your team become the hero of its own story, contact School is Easy today (see contact details below) and mention this partnership program.

Kind regards
