

## Seasonal Marketing Toolkit: Spring 2021

### Overview

We are ringing in the new year with new resources for our franchise partners. Welcome to your new seasonal marketing toolkits.

### What is a toolkit?

Each quarter we will be releasing a series of various marketing assets and resources for you to utilize within your local territory. We thought that by packaging up these materials and releasing them to you when you need them most would be an efficient way to provide you with timely content and marketing templates. The assets in these toolkits may vary from quarter to quarter based on program launches, our organizations strategic priorities or feedback from the system.

### What is in this toolkit?

*Within this quarter's marketing toolkit you'll find:*

- Noteworthy dates
- Suggested marketing for this quarter
- Digital Social Media Graphics
- Blog articles and content-rich graphics
- Promotional Video

**Important: Please make sure to click the link to download the full-sized graphics before using. If you try to save the images directly from this PDF, your graphic may not display correctly when shared.**

## Suggested Marketing for this Quarter

Get in front of your customers with these marketing ideas. Events are a great way to gain trust amongst your customers and provide something of value for little to no cost! All events can be held either in person or online via Zoom depending on restrictions in your area.

### Obtain Student Testimonials

Student testimonials are a huge part of showcasing the work School is Easy does. We've created a simple webform that you can share with your customers that encourages them to leave feedback and submit photos or videos to us. **This should not take the place of requesting a Google or Facebook review, as those are extremely important!** Think of this as a next step after someone leaves you a Google or Facebook review.

### Networking with School is Easy Tutoring [\[Download Full-Sized Graphic Here\]](#)

- **Goal:** Start 2021 by creating a networking group to build relationships in your community and establish potential referral partners. Can be held virtual via Zoom or in-person as permitted.
- **Suggested meetings:** Bi-monthly, monthly, bi-weekly – can become more frequent as group grows
- **Target:** Potential students and community business partners
- **Marketing:** You can create a Facebook group to go along with the networking group and encourage everyone who attends to join to stay in touch. Each session can have a different theme or topic to talk about or can have a featured speaker and allow for a guided discussion after. You can also make use of Zoom's "Breakroom" feature to allow more focused conversations with your attendees. When advertising your group – be sure to include "Sponsored by School is Easy Tutoring of \*your location name\*" to increase awareness about your business.

## Blog Articles and Content

We've begun producing weekly blog articles on the School is Easy website. In addition to these articles, we have created various assets you can use across your platforms to provide relevant information to your customers and position yourself as the expert in your community.

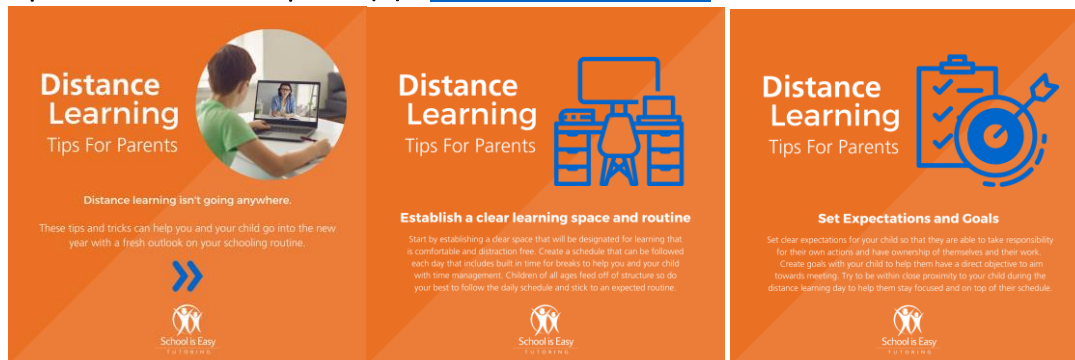

*The additional resources have been broken down into three categories:*

- **Blog Article:** These polished articles can be shared and linked from the website through newsletters, simple emails to your customers, and across your social media platforms.
- **Square Carousel Images:** These images were designed to be shared all at once in a carousel, or slider style social media post on Instagram, Facebook, or LinkedIn. This allows users to scroll through the images to read through the content.
- **Story Graphics:** These images were designed to be shared one after the other on your social media story. Not sure how to use this feature? [Check out this guide.](#)
